

FRICKE FILLING SYSTEM

EFS 11

Compact and powerful

The EFS 11 is a compact, semi-automatic filling system designed for precise, calibratable above-level filling of non-foaming liquids.

Its easy operation, short changeover times, automatic weight adjustment, and quick-to-clean valve make the EFS 11 ideal for small to medium batch sizes with frequent product changes.

Advantages

- **Precise & clean:** calibratable above-level filling in coarse-to-fine flow switching - no dripping
- **Easy & fast:** intuitive one-person operation, short changeover times, and automatic weight adjustment
- **Compact:** minimal space requirements, ready for use with plug-and-play connections

Products:	paints, coatings, dispersions, adhesives, bitumen
Containers:	cans, pails, drums
Above-level filling:	for non-foaming liquids
Weight ranges:	0.5 - 30 kg, 1 - 60 kg, 2 - 150 kg, 5 - 300 kg

Options:	lid closer, conveyor technology
	explosion protection in acc. with ATEX Directive 2014/34/EU
	further details available on request
